

The Tyler

One Bedroom 1,064 Sq. Ft.

A one-bedroom condo with a generous living space and room for it all. A very large storage closet is located off the main hallway.

An open floor plan has great views of the Flat River. The kitchen and dining area are open to the lounge area with plenty of circulation. The half-bath and laundry are right off the kitchen. A fireplace is optional.

The bedroom has an attached bath as well as two closets, and one is a walk-in.

The kitchen has handsome grey and white cabinetry with full overlay doors, topped off with solid surface countertops. The generous island can seat four. Stainless steel appliances and sink create a clean and contemporary look.

The Tyler floor plan is priced with the same baseline finishes and features as all the models.

For more information about baseline finishes and amenities see the finish schedule and upgrade options.
